TRANSFORMERS FOR DIGITAL AUDIO DATA TRANSMISSION
For Use with Cirrus Logic

- High end digital audio transformer
- For use in a professional input audio circuit
- Optional electrostatically shielded version available

### Mechanical Schematic

**T6074 / T6075**

**Dimensions:** Inches
Weight: 1.2 grams
Tape & Reel: NA
Tube: 60/hube

**Note:** For T6074 connection of shield, ground pin 2 or 5, not both pins

### Electrical Specifications @ 25°C — Operating Temperature 0°C to 70°C
